Spring 2020 – 1-credit Professional Development Seminar
Open to students in all science or health-related graduate programs

ISG 5730 (#18110): Mentorship and Training
The goal of this course is to provide content and training such that a student will competently and confidently assume a leadership role in project management and the training of personnel.
S/U graded

This is interactive training: leadership and communication skills will play a key role in this course.

At the conclusion of this course the student will be able to
1. Identify team members’ core competencies and learning styles.
2. Optimize training environments for collaboration and learning.
3. Organize training content for effective delivery of information
4. Establish trust and effective lines of communication for feedback and accountability

Friday 2/7/20  4:00 pm - 7:00 pm
